

AWS Cloud Club

Graphic Era (Deemed to be) University

Official Student Community Handbook

Welcome to the AWS Cloud Club Graphic Era University

Welcome to the AWS Cloud Club at Graphic Era University.

Our goal is to explore cloud computing, work on hands-on projects, and build a vibrant tech community aligned with AWS ecosystem.

Learn Cloud Skills
Develop practical skills in modern cloud technologies.

Collaborate on Projects
Work on real-world cloud projects with peers.

Build by Doing
Gain hands-on experience with cloud tools.

Our Guiding Principle

Pawan Joshi
Founder & Club Captain

Dr. Amit Kumar
Faculty Coordinator

Captain's Message

Pawan Joshi
Club Captain

Welcome to the AWS Cloud Club – Graphic Era University.

As the Club Captain, my vision is to build a student-led community focused on learning by doing, collaboration, and real-world cloud exposure. This club exists to help students explore AWS technologies, work on meaningful projects, develop leadership skills, and prepare for industry opportunities.

Whether you are a beginner or already building on AWS, this community is here to support your journey.

Let's learn, build, and grow together.

AWS Cloud Clubs

AWS Cloud Clubs are student-led communities exploring AWS technologies worldwide. We bridge theory and practice through workshops, projects, and networking, offering hands-on learning and certification support. Driven by innovation, we empower students with the skills to thrive in the future of cloud computing.

Club Formation & Journey

The AWS Cloud Club – Graphic Era University was formed to create an official, structured cloud-focused student community aligned with the global AWS ecosystem.

The club was initiated to:

- Provide hands-on cloud learning beyond classroom theory.
- Foster a peer-driven learning environment.
- Enable students to work on real-world cloud projects.
- Build a strong bridge between students, faculty, and industry.

The club operates under AWS community guidelines and uses Meetup as the official platform for member and event tracking.

Our Objectives

Educating Students

On AWS cloud technologies and services

Practical, hands-on experience

Through Club events, projects and initiatives

Equip in-demand Skills and Knowledge

For AWS Cloud computing-related jobs and opportunities

AWS certification

For students

Networking opportunities

With community leaders, enthusiasts, students and professionals

Activities

Project Based Learning

Guest Speaker

Hackathons

Certification Support

Competitions

Seminars

Cloud
Club

Graphic Era University

Membership & Benefits

Membership Eligibility

- Open to all students of Graphic Era University
- No prior AWS experience required

Member Benefits

- AWS workshops and hands-on learning sessions
- Access to official AWS learning resources and programs
- Cloud projects and certification guidance
- Tech talks, events, and collaborations
- Leadership and networking opportunities
- Eligibility for AWS swags, certificates, and cloud credits through official programs (subject to AWS policies)

To Become a Member

- Register on our official Meetup page for events and updates
- Join the WhatsApp group
- Follow our social media handles for announcements

Communication Channels

Meetup (official events and attendance)
